DEAR Harold

Though you might like to see how I feel
They are pushing this new book Bloody
Treason. I have come to the conclusion that
after reading your comments that 90% of
what is out there is trash, I wish people
would give you the credit you deserve. But
I find that many people, would not see the
Truth even when you prove it. Everybody
denies everything one thing all this trash
that is written does what it is supposed to
do keep everyone confused. Well most
close, Hope you & Ol are doing OK.

Your friend

Bill
